Grow with us. Support excellent research.

IST Austria is a constantly growing international institute for conducting frontier research in the life, physical, and formal sciences, located in Klosterneuburg on the outskirts of Vienna. As employees of the administration and the Scientific Service Units, we strive to support IST Austria’s scientists in performing excellent research.

Manager of Bioimaging Facility (f/m)

FULL TIME

The Bioimaging Facility supports all research groups with state-of-the-art microscopy and flow cytometry equipment. The range of technologies is already very broad and besides keeping the microscopes up and running, the facility also is responsible for user training, assay development and image analysis support.

To support the institute's goals in the best possible way, we are now searching for a top motivated and service minded Manager, who will be responsible for the overall operation and the technical development (in consultation with the research groups) of the facility.

Responsibilities

- Ensure the reliable operation of the facility equipped with microscopes, flow cytometry equipment and image analysis tools
- Management of the facility (overall organization, personnel, equipment and equipment acquisitions, technical development, service and maintenance)
- Providing training and expert advice to users, evaluation new techniques, assay development in cooperation with research groups
- Organization and implementation of practical and graduate courses
- Deputy laser safety officer

Requirements

- PhD (or equivalent) in Life Sciences or Physics
- Essential experience in biological applications and state-of-the-art microscopy (confocal, widefield, multiphoton, 2-Photon, TIRF/FRAP, Spinning disk, light sheet microscopy…)
- Extensive knowledge of state-of-the-art light microscopy equipment, technical possibilities and commercially available resources
- Good organizational and project management skills
- Very good communication skills in German and English are mandatory
- Prior postdoctoral working experience within an imaging facility or in a high-end imaging laboratory is advantageous
- Experience in an academic environment advantageous

We offer a minimum salary of EUR 4,450 gross/month, with possible overpayment depending on education, qualification and work experience.

IST Austria

- Offers challenging positions in a dynamic and growing organization
- Supports learning and development
- Provides flexible working times and numerous fringe benefits
- Promotes an international and open culture
- Supports an appreciative and respectful work environment
- Values diversity and is committed to equality
