IST Austria is growing. Grow with us!

IST Austria is a constantly growing international institute for conducting frontier research in mathematics, computer science, life sciences & physical sciences. We recruit passionate professionals from across the world over all fields who support our goal of excellent research. Located within a beautiful campus on the outskirts of Vienna, we offer multiple opportunities for personal growth in a stable working environment. Get an insight!

Your responsibilities

Communication of scientific topics to the non-scientific public is a central mission of our division Communications & Events. As part of the Communications team you will create contents related to scientific projects and research at IST Austria. You will be responsible for development and delivery of high-quality scientific content.

• Develop a first-class network with our scientists on campus and translate their scientific research in clear, concise and accurate language that can be understood by the general public
• Delivering scientific content for articles, publications, press releases, websites, social media and the general media
• Reading and researching scientific papers and scientific journals
• Manage the complete production process of the annual report
• Proofread various texts
• Building strong internal relationships

Your profile

• University degree in natural sciences, mathematics or computer science
• Experience in scientific publishing
• Strong interest in science and a good understanding of scientific trends
• Excellent English and very good German skills
• Ability to understand complex scientific information, theories and practices and communicating scientific research to a professional or lay audience
• Strong service orientation and team player; organisational skills
• A methodical and detail orientated approach

Your benefits

Education & training
Cafeteria
Childcare
Free shuttle bus
Multiple health offers
Pension insurance
