Project Technician
Research Group Loose

Full Time (40h) – Limited from February 1st, 2021 until June 30th, 2022
Klosterneuburg (Vienna), Austria
€ 2,200* gross/month

IST Austria is growing. Grow with us!

IST Austria is a growing international institute for conducting frontier research in mathematics, computer science, and the life and physical sciences. We recruit passionate professionals from all over the world and from all fields who support our goals of excellence in research and science management. Located on a beautiful campus on the outskirts of Vienna, we offer numerous opportunities for personal growth in a stable working environment. Get an insight!

Your responsibilities

How are nanometer-sized proteins able to perform complex functions on a cellular scale? The Loose group studies the molecular mechanisms of intracellular self-organization by rebuilding cellular functions in a bottom-up approach. The group combines biochemical reconstitution experiments with advanced fluorescence microscopy, biomimetic membrane systems, and computer-aided image analysis. Further information: https://looselab.ist.ac.at/

• Generation of expression constructs and recombinant protein production
• Maintaining of insect cell culture
• Characterization of proteins with different analytical methods such as SDS-PAGE, Western blot, and Fluorescence Microscopy assays
• Support of lab organization and ordering, including maintenance of reagent databases and training of new lab members

Your profile

• University degree in biochemistry or related field
• Knowledge of various protein separation and purification techniques, including IMAC, IEX, SE chromatography, and gel electrophoresis
• Proven experience in molecular biology techniques such as PCR, cloning, and recombinant protein production in E. coli and insect cell expression systems is mandatory
• Excellent command of English (working language)
• Proactive personality and solution-oriented approach
• Strong organizational skills and reliability

To submit your application, please e-mail recruiting@ist.ac.at

* This position comes with possible overpayment depending on education, qualification, and work experience. IST Austria processes your personal data in accordance with the law. For more information, please refer to www.ist.ac.at/data-protection.
