

Postdoc Research Group Ibáñez

Full Time

| Klosterneuburg (Vienna), Austria

| € 56.000 gross/year*

IST Austria is growing. Grow with us!

IST Austria is a growing international institute for conducting frontier research in mathematics, computer science, and the life and physical sciences. We recruit passionate professionals from all over the world and from all fields who support our goals of excellence in research and science management. Located on a beautiful campus on the outskirts of Vienna, we offer numerous opportunities for personal growth in a stable working environment. [Get an insight!](#)

Postdoctoral position

A postdoc position is opening in the research group of Professor Maria Ibáñez with a focus on: **Study of temperature-induced transformation in nanostructured materials by high-resolution transmission electron microscopy.**

The [Ibáñez group](#) develops novel functional nanomaterials using precisely designed nanocrystals as building blocks and investigates their properties as function of their finely tunable nano-features. In this way, we are able to create a new generation of complex materials in which components and functionalities can be defined in a predictable way. Beyond fundamental studies in nanocrystal synthesis, surface chemistry and assembly, the group also aims to provide high-efficiency cost-effective thermoelectric materials.

Your profile

- PhD in Material Science, Nanoscience, Chemistry, or Physics
- Extensive experience in advanced transmission electron microscopy (TEM)
- Capacity to produce 3D atomic models of the materials studied
- Experience in *in-situ* experiments in the TEM will be highly valued, especially with a temperature-controlled TEM holder
- Experience with semiconductor materials, mainly metal chalcogenides
- Excellent communication and presentation skills
- High motivation and a proven ability to conduct independent research, as well as to work effectively as a member of a research team
- Excellent command of English (working language)

Application documents: motivation letter, CV, and the name of three referees; **flexible start date**

To submit your application please email: mibanez@ist.ac.at

* This position comes with possible overpayment depending on education, qualification and work experience. IST Austria processes your personal data in accordance with the law. For more information, please refer to www.ist.ac.at/data-protection.

Your benefits

Education & training

Cafeteria

Childcare

Free shuttle bus

Multiple health offers

Pension insurance
